

Marketing Programs

For the Real Estate Professional

Aspire Network exists for one reason only... to provide Real Estate professionals the marketing tools they need to be successful. Whether it is Social Media exposure for your listing, professional pictures, or video or drone tours; we are here to help. We allow you to focus on what you do best; closing more deals. Contact us today to find out more information regarding these programs.

Open House Assistance

We are committed to helping Real Estate professionals focus on sales while allowing us to focus on promotion. This is all we do...

Aspire Network has many experts on staff in areas of digital marketing, photography, and open house planning. Once you have experienced the support that we give, you will never try to go it alone again.

Photography, Video, and Drone Tours

Our clients can't stop raving about our Photo and Video services. Have you thought about using video for a Virtual "Property Walk Through"?

What about a Virtual "Property Walk Through" using video? Or the latest in Drone Videography? In today's market, if you want to increase your company's sales and attract more clients, **you need to use video**. People are more time-conscious than ever before. They do not want to take the time out of their day to go look at a house unless they have seen at least some pictures or video first.

We have licensed Drone Operators on staff to give your prospects the full view of your property and its surrounding neighborhood. Get them excited about their new home before they even arrive!

Do you need Magazine Quality Listing Photos? Of course, you do! Visit our website to view some examples of our quality work... we guarantee that you will be impressed!

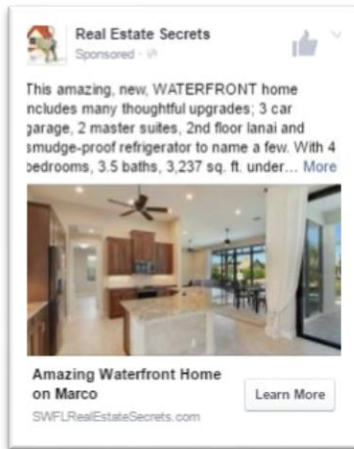

Anyone can take a picture, but only experienced real estate photographers are able to properly showcase a home through visual representation.

At Aspire Network, we offer professional still pictures, video tours, and drone footage to capture the essence of each property. Reach out and discover the difference in using professionals to properly display your homes.

Social Media Listing Promotions

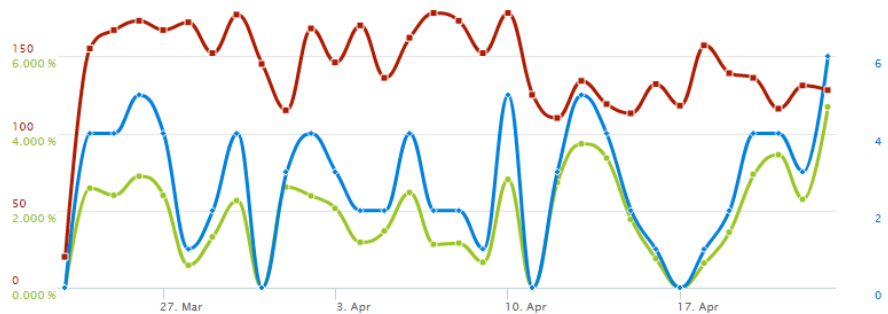

How many times has one of your clients asked you, "What are you doing to sell my home"? You answer with the standard, although ambiguous, "I am holding Open Houses, placed an ad in the newspaper, and have your home listed on MLS". What if you could show them exactly how many people have seen the listing? Or better yet, how many people have taken action by Clicking on the property's link to see more info? Now you can provide them with quantitative proof of the exposure that you offer.

Aspire Network will create a Social Media promotion that reaches thousands of real estate professionals; as well as the general public. The ads will feature photos and descriptions of the properties and allow them a link to view more detailed info. We will

create a specialized landing page that offers data, pictures, video, and a form to request a callback.

We will provide a weekly report that details all of the activity the promotion generates, so you can pass it along to your client. Who else does that? No other advertising medium gives you this amount of documentable proof of what's being done to sell their home.

Broker Open House Sponsorship

Have a Broker Open House coming up? Don't want the hassle of providing food and beverages? Don't worry... we have you covered. Contact us today and we can help you stage and promote your Broker Open House.

We can reach approximately 8-10 thousand SWFL Realtors via Social Media and even more with an Email Blast. If you are not sure how to get a great turnout... worry, no more.

Call us at (239) 223-8752!

Email Blasts to 12,000 Southwest Florida Realtors

Aspire will offer access to our list of area Realtors for email blasts; that number includes over 12,000 in Southwest Florida. You will be able to reach the audience that you need with your New Listings and Open House information. After you create the flyer, simply forward it to us and we will take care of it from there.

You won't need an email service, or expertise; we supply all of it to you.

Why Aspire Network?

So, you have to ask yourself... Who, in this industry, provides you with marketing support? Which company helps you promote and stage your Broker Open House? Where else can you get all this and video tours of your listing?

The answers are obvious... only Aspire Network LLC offers you the support and marketing tools you need to be a success. We are here to be your marketing partner... not just another vendor.

representatives to learn more. At Aspire, we have the technology and experience to help you achieve success in the real estate industry.

Close More Sales

Isn't that what it is all about? To be successful in this business, you need to use your resources wisely. Focus on your strength... sales. Allow us to be your partner in that success.
